CCA After-School Fine Arts Program

Cheaha Creative Arts, Inc. (CCA) is organized exclusively for educational purposes within the meaning of Section 501 (c) (3) of the Internal Revenue Code, maintaining a Board of Directors with one vision to uphold the following principles:

- To culturally enrich the lives of adults and children in the Calhoun County area to the benefits of arts education.
- To deter cost as a reason for not having the opportunity to achieve an arts education.
- Maintain minimal fee cost (**Violin/\$25, Piano/\$20, Sewing \$10 and Free**) for the program classes making it possible for those who may not otherwise have the opportunity or means to participate in other arts programs due to excessive fee costs.

CCA Future String Orchestra Members

CCA string program started Sept. 2010 with five (5) violins generously donated from Howard Core Co, and five (5) students. Today, that number has evolved into twelve (12) students. CCA string orchestra group is in its early phase with eight (8) students from the program, who will perform together for community recitals and invited events.
